Service Provider Within the State )  
of Tennessee )

OFFICE OF THE

STATE OF THE SECRETARY

01-00165

---

APPLICATION

---

Pursuant to applicable Tennessee Statutes and the Rules and Regulations of the Tennessee Regulatory Authority and Section 253 of the Federal Telecommunications Act of 1996 ("Act"), Tele-SyS, Inc. d/b/a Access America Telephone Company ("Applicant") respectfully requests that the Tennessee Regulatory Authority ("TRA") grant to Applicant authority to provide competing local telecommunications services, including exchange access telecommunications services, within the State of Tennessee. Applicant is willing and able to comply with all applicable rules and regulations pertaining to the provision of competing local telecommunications services in Tennessee. Tenn. Code Ann. § 65-4-201

In support of its application, Applicant submits the following:

1. **Applicant Information**

A. **Full name and address of the Applicant**

Tele-SyS, Inc. d/b/a Access America Telephone Company  
138 Fairbanks Plaza  
Oak Ridge, TN 37830  
Telephone: (865) 482-2140  
Facsimile: (865) 282-1517

**B. Contact person for questions regarding application**

H. LaDon Baltimore, Esq.  
Farrar & Bates, L.L.P.  
211 Seventh Avenue North, Suite 420  
Nashville, TN 37219  
Telephone: (615) 254-3060  
Facsimile: (615) 254-9835

**C. Contact name and address at Applicant**

J. F. Jamison  
President  
138 Fairbanks Plaza  
Oak Ridge, TN 37830

**2. Organizational Chart of the Corporate Structure**

See Exhibit A

**3. Corporate Information**

Tele-SyS, Inc. d/b/a Access America Telephone Company is a closely held corporation incorporated in the State of Tennessee on February 2, 1982. A copy of Applicant's Articles of Incorporation is provided in Exhibit B. A copy of Applicant's authority to transact business in the State of Tennessee is provided in Exhibit C. The names and addresses of the principal corporate officers are in Exhibit D. There are no out-of-state officers or directors. The biographies of the principal officers and other key technical staff are in Exhibit E.

**4. Applicant's Managerial, Technical, and Financial Ability**

Applicant possesses the managerial, technical, and financial ability to provide local telecommunications service in the State of Tennessee as demonstrated below:

### **A. Financial Qualifications**

In support of its financial qualifications, Applicant, submits the year-end financial statements for FY 1999 and FY 2000 and projections of income through FY 2003. See Exhibit F which is submitted under seal as proprietary and confidential. Applicant has served the people of Tennessee since October of 1982 when it turned up its first switching center located in Oak Ridge, TN. Until 1996, Applicant provided primarily long-distance services and products via the resale of underlying carriers. Its principal underlying carriers are Qwest, BellSouth, and Sprint. Since 1996, Applicant has provided local telephone service to a growing base of customers in East Tennessee. These are the only lines of business for Applicant. Local exchange revenues grew 26% in 1999 and by 24% in FY 2000.

Applicant has adopted what is often called in the industry a “smart build” plan for implementing the provision of local telephone services in Tennessee. In this approach, a customer base is established prior to making large capital investments. This approach increases the efficiency of existing networks, minimizes the impact to the numbering system of increased area code and exchange use and defers the need for large capital outlays. Phase I of this plan was begun in 1996 when the TRA authorized Applicant to provide simple resale in Tennessee. During this Phase, an investment in a large-scale customer care and billing system was completed. That system is now in place and has been operational for the past 9 months. Phase II calls for the resale of unbundled network elements recombined by the ILECs over their own networks and switches. To that end, Applicant has completed the negotiation of an agreement with BellSouth to provide recombined UNEs over their network and switches. In this Phase, no significant capital outlays will be required on the part of

Applicant since no network will be built and no switches will be deployed. Phase III calls for the deployment of local dial tone switches as needed based on the market penetration gained in Phase II. In Phase III, additional outside capital will likely be required and will be sought.

Applicant has provided the TRA a \$20,000 irrevocable letter of credit, a copy of which is included in Exhibit G.

Exhibit H, which is submitted under seal as proprietary and confidential, contains a capital expenditures budget for 2001, 2002, and 2003.

### **B. Managerial Ability**

As shown in Exhibit E, Applicant has the managerial expertise to successfully operate a telecommunications enterprise in Tennessee. Applicant's managerial team telecommunications management experience is in excess of 18 years experience per person. Thus, Applicant is certainly qualified.

### **C. Technical Qualifications**

Applicant's services and products presently satisfy the minimum standards set by the TRA. Applicant will maintain tariffs in the manner prescribed by the TRA and is currently meeting minimum basic local standards, including quality of service and billing standards required of all LEC's regulated by the TRA. Applicant will not require customers to purchase customer premise equipment, which cannot be used with the Incumbent Local Exchange Carrier's systems. As noted in Exhibit E, all of the key technical personnel have many years of experience in the design, provisioning, maintenance, and customer service areas of telecommunications. Thus, Applicant is certainly technically qualified to provide local exchange service in Tennessee.

**5. Proposed Service Area**

Applicant currently is authorized to provide long distance and local resale services in Tennessee. Its negotiated contracts with BellSouth have been approved in Kentucky and have been filed in Georgia. It is Applicant's intention to eventually provide services in both those states. However, it intends to continue to concentrate its efforts in Tennessee.

Applicant currently offers services throughout the State of Tennessee through the use of resold facilities (simple resale). Applicant intends to offer services throughout the State of Tennessee through the use of resold recombined ("UNEP") arrangements under negotiated agreements with ILECs that are designated open to competition. Applicant intends to offer services over Unbundled Network Elements in the future.

**6. Types of Local Exchange Service to be Provided**

Applicant presently offers a broad variety of local exchange services, primarily to business customers in Tennessee. Applicant's line of local services is comparable to that offered by the incumbent LECs. Applicant will offer basic access lines, PBX and DID services, optional calling features, directory assistance, directory services and operator services, as well as all services required under Chapter 1220-4-8-04 (3) (6) and (2). This will be accomplished by reselling unbundled network elements that are recombined by the Incumbent Local Exchange Carriers over their networks and on their facilities. As stated earlier in the section "Financial Qualifications," it is not the intention of Applicant to deploy facilities during Phase I and Phase II of its plan. A switch or switches may be deployed in Phase III.

**7. Repair and Maintenance**

Applicant understands the importance of effective customer service for local service customers. Applicant currently maintains 24 hour, seven day per week customer service. Applicant provides a 24 hour, seven day per week toll free number 1-800-860-2140 for its customers to use when requiring assistance, reporting a trouble or inquiring about service or billing matters. This number and other information helpful to persons seeking assistance is currently printed on each customer's monthly statement. Inquiries can also be made via email to [support@accessam.com](mailto:support@accessam.com). The Tennessee persons knowledgeable about Applicant's operations are Ms. Patricia S. Pitts and Dr. C. Scott Jamison.

**8. Small and Minority Owned Telecommunications Business Participation Plan (65-5-212)**

See Exhibit I.

Applicant currently maintains a Participation Plan on file with the TRA. A tracking system is in place. The plan is actively pursued and results are reviewed regularly at the meetings of the Board of Directors.

**9. Toll Dialing Parity Plan**

Applicant currently maintains a Toll Dialing Parity Plan with the TRA. A copy of that plan is shown in Exhibit J.

**10. ILEC Notification**

Applicant has served notice of this application to the eighteen (18) incumbent local exchange telephone companies in Tennessee with a statement regarding Applicant's intention of operating geographically. See Exhibit O for the list.

**11. Numbering Issues**

See Exhibit K.

**12. Tennessee Specific Operational Issues**

See Exhibit L.

**13. Miscellaneous**

**A. Pre-filed testimony**

Sworn Pre-Filed testimony is given in Exhibit M.

**B. Customer deposits**

Applicant does not normally require customer deposits but may do so from time to time in the case of a customer having inadequate credit or financial capability. In such cases, deposits are kept in escrow and are not commingled with other revenues. At such time as the customer demonstrates acceptable risk, the deposit is refunded.

**C. Regulatory complaints**

Applicant has not been the subject of complaints of any kind in Tennessee or any other state nor have there been any complaints to any federal regulatory authority.

**D. Tariff**

A copy of Applicant's tariff is enclosed. See Exhibit N. The tariff will be filed immediately upon approval of the application and prior to offering services.

**E. Service in areas served by certain ILECs or telephone cooperatives**

Applicant will not offer telecommunications services in areas served by any incumbent local exchange telephone company with fewer than 100,000 total access lines, except for those that have voluntarily entered into an agreement with a competing

telecommunications service provider or that has applied to provide telecommunications services in an area outside its service area existing as of June 6, 1995, or unless otherwise permitted by applicable state or federal law. Applicant also will not provide service in any area served by a telephone cooperative unless otherwise permitted by applicable state or federal law. Applicant reserves the right to expand its services into these areas should subsequent rulings of the TRA or any court or administrative agency allow the provision of service in such areas.

#### **14. Conclusion**

Grant of this application will further the goals of the Tennessee Legislature and further the public interest by expanding the availability of competitive telecommunications services in Tennessee. Intrastate offering of these services is in the public interest because the services will provide Tennessee customers increased cost savings and superior customer care. Authorizing Applicant to provide local exchange services will thus facilitate economic development.

The public will benefit directly and indirectly due to the additional competitive services offered by Applicant. These offerings will provide incentive to other telecommunications providers to operate more efficiently, offer more innovative services, reduce prices, and improve the quality of customer care and services. Grant of this application will further enhance the service options available to the citizens of the State of Tennessee.

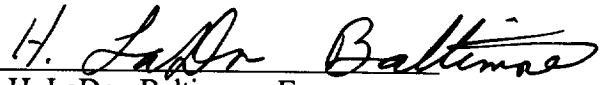

Applicant respectfully requests that the TRA enter an order granting it a certificate of convenience and necessity to operate as a competing telecommunications service provider and authority to provide a full range of local exchange services and products on a

simple resale and resold recombined network elements basis throughout the State of Tennessee in the service areas of BellSouth, Sprint and Verizon Communications and any other ILEC that does not enjoy a rural exemption under Section 251(f) of the Telecommunications Act of 1996. For the reasons stated above, Applicant's provision of services would promote the public interest by providing high quality service at competitive prices and by creating greater economic incentives for the development and improvement for all competing providers.

Respectfully submitted,

Tele-SyS, Inc. d/b/a Access America  
Telephone Company

I, GENTRY CROWELL, Secretary of State of the State of Tennessee,  
do hereby certify that the annexed is a true and correct copy of the  
Charter of

TELE-SYS, INC.

which was filed in this office on February 3, 1982.

IN WITNESS WHEREOF, I have hereto affixed my signature  
and the Great Seal of the State, at Nashville, this 3rd  
day of February in the year of our Lord  
nineteen hundred Eighty-Two

SECRET  
1982 FEB -3 AM 11: 11

CHARTER

OF

TELE-SYS, INC.

The undersigned natural person, having capacity to contract and acting as the incorporator of a corporation under the Tennessee General Corporation Act, adopts the following Charter for such corporation:

1. The name of the Corporation is TELE-SYS, INC.
2. The duration of the corporation is perpetual.
3. The address of the principal office of the corporation in the State of Tennessee shall be 122 Miramar Circle, Oak Ridge, TN.
4. The corporation is for profit.
5. The principal purposes of the corporation are to develop and offer for sale computer systems and telecommunications services.
6. The maximum number of shares which the corporation shall have the authority to issue is Twenty-Five Thousand (25,000) shares each of which shall have no par value.
7. The corporation will not commence business until consideration of an amount not less than One Thousand (\$1,000.00) Dollars has been received for the issuance of shares.

Dated this 28 day of January, 1982.

  
FRANK JAMISION, Incorporator

BY-LAWS  
OF  
TELE-SYS, INC.

ARTICLE I  
MEETING OF SHAREHOLDERS

1. Annual Meeting. The annual meeting of the shareholders will be held at such time and place, either within or without this State, as may be designated from time to time by the directors.
2. Special Meetings. Special meetings of the shareholders may be called by the president, a majority of the board of directors, or by the holders of not less than one-tenth (1/10) of all the shares entitled to vote at such meeting. The place of said meetings shall be the principal office of the corporation, unless otherwise designated by the directors.
3. Notice of Shareholder Meetings. Written or printed notice stating the place, day, and hour of the meeting, and, in the case of a special meeting, the purpose or purposes for which the meeting is called and the person or persons calling the meeting, shall be delivered either personally or by mail by or at the direction of the president, secretary, officer, or person calling the meeting to each shareholder entitled to vote at the meeting. If mailed, such notice shall be delivered not less than ten (10) nor more than sixty (60) days before the date of the meeting, and shall be deemed to be delivered when deposited in the United States mail addressed to the shareholder at his address as it appears on the stock transfer books of the corporation, with postage thereon prepaid. If delivered personally, such notice shall be delivered not less than five (5) nor more than sixty (60) days before the date of the meeting, and shall be deemed delivered when actually received by the shareholder. The person giving such notice shall certify that the notice required by this paragraph has been given.
4. Quorum Requirements. A majority of the shares entitled to vote shall constitute a quorum for the transaction of business. A meeting may be adjourned despite the absence of a quorum, and notice of an adjourned meeting need not be given if the time and place to which the meeting is adjourned are announced at the meeting at which the adjournment is taken. When a quorum is present at any meeting, a majority in interest of the stock there represented shall decide any question brought before such meeting, unless the question is one upon which, by express provision of the charter, these by-laws, or by the Laws of Tennessee, a larger or different vote is required, in which case such express provision shall govern the decision of such question.

5. Voting and Proxies. Every shareholder entitled to vote at a meeting may do so either in person or by written proxy, which proxy shall be filed with the secretary of the meeting before being voted. Such proxy shall entitle the holder thereof to vote at any adjournment of such meeting, but shall not be valid after the final adjournment thereof. No proxy shall be valid after the expiration of eleven (11) months from the date of its execution unless otherwise provided in the proxy.

## ARTICLE II BOARD OF DIRECTORS

1. Qualification and Election. Directors need not be shareholders or residents of this state, but must be of legal age. They shall be elected by a plurality of the votes cast at the office until the expiration of the term for which he is elected, and thereafter until his successor has been elected and qualified, provided that the term shall not exceed 3 years.

2. Number. The number of directors shall be fixed from time to time by the shareholders, or by a majority of the entire board of directors, but shall never be less than the number required by law.

3. Meetings. The annual meeting of the board of directors shall be held immediately after the adjournment of the annual meeting of the shareholders, at which time the officers of the corporation shall be elected. The board may also designate more frequent intervals for regular meetings. Special meetings may be called at any time by the chairman of the board, president, or any two (2) directors.

4. Notice of Directors' Meeting. The annual and all regular board meetings may be held without notice. Special meetings shall be held upon notice sent by any usual means of communication not less than three (3) days before the meeting.

5. Quorum and Vote. The presence of a majority of the directors shall constitute a quorum for the transaction of business. A meeting may be adjourned despite the absence of a quorum, and notice of an adjourned meeting need not be given if the time and place to which the meeting is adjourned are fixed at the meeting at which the adjournment is taken, and if the period of adjournment does not exceed thirty (30) days in any one adjournment. The vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the board, unless the vote of a greater number is required by the charter, these by-laws, or by the laws of Tennessee.

6. Executive and other Committees. The board of directors, by a resolution adopted by a majority of its members, may desig-

nate an executive committee, consisting of two or more directors, and other committees, consisting of two or more persons, who may or may not be directors, and may delegate to such committee or committees any and all such authority as it deems desirable, including the right to delegate to an executive committee the power to exercise all the authority of the board of directors in the management of the affairs and property of the corporation.

### ARTICLE III OFFICERS

1. Number. The corporation shall have a president and a secretary, and such other officers as the board of directors shall from time to time deem necessary. Any two or more offices may be held by the same person, except the offices of president and secretary.
2. Election and Term. The officers shall be elected by the board at its annual meeting. Each officer shall serve until the expiration of the term for which he is elected, and thereafter until his successor has been elected and qualified.
3. Duties. All officers shall have such authority and perform such duties in the management of the corporation as are normally incident to their offices and as the board of directors may from time to time provide.

### ARTICLE IV RESIGNATIONS, REMOVALS AND VACANCIES

1. Resignations. Any officer or director may resign at any time by giving written notice to the chairman of the board, the president, or the secretary. Any such resignation shall take effect at the time specified therein, or, if no time is specified, then upon its acceptance by the board of directors.
2. Removal of Officers. Any officer or agent may be removed by the board whenever in its judgment the best interest of the corporation will be served thereby.
3. Removal of Directors. Any or all of the directors may be removed either with or without cause by a proper vote of the shareholders; and may be removed with cause by a majority vote of the entire board.
4. Vacancies. Newly created directorships resulting from an increase in the number of directors, and vacancies occurring in any office or directorship for any reason, including removal of an officer or director, may be filled by the vote of a majority of the directors then in office, even if less than a quorum exists.

ARTICLE V  
CAPITAL STOCK

1. Stock Certificates. Every shareholder shall be entitled to a certificate or certificates of capital stock of the corporation in such form as may be prescribed by the board, such certificates shall be signed by the president and the secretary of the corporation.
2. Transfer of shares. Shares of stock may be transferred on the books of the corporation by delivery and surrender of the properly assigned certificate, but subject to any restrictions on transfer imposed by either the applicable securities laws or any shareholder agreement.
3. Loss of Certificates. In the case of the loss, mutilation, or destruction of a certificate of stock, a duplicate certificate may be issued upon such terms as the board of directors shall prescribe.

ARTICLE VI  
ACTION BY CONSENT

Whenever the shareholders or directors are required or permitted to take any action by vote, such action may be taken without a meeting on written consent, setting forth the action so taken, signed by all the persons or entities entitled to vote thereon.

ARTICLE VII  
AMENDMENT OF BY-LAWS

These by-laws may be amended, added to, or repealed either by: (1) a majority vote of the shares represented at any duly constituted shareholders' meeting, or (2) a majority vote of the entire board of directors. Any change in the by-laws made by the board of directors, however, may be amended or repealed by the shareholders.

CERTIFICATION

I certify that these by-laws were adopted at the organizational meeting of the corporation held on the 5<sup>th</sup> day of February, 19 82.

## **Biographies of the Principal Officers And Other Key Technical Staff**

**J. F. Jamison, President** - Mr. Jamison was educated in Jackson, TN at Union University where he graduated with a B.S. degree in mathematics and physics. He graduated from the University of Tennessee, Knoxville with an M.A. degree in mathematics. He has done additional graduate work at UTK in mathematics and business. He is a graduate of the University of Tennessee Executive Development Program.

Mr. Jamison has worked in the telecommunications field for much of his career. He was an analyst in computing and data communications for Union Carbide Corp. from 1964 through 1970. He was Manager of Finance and Materials for Union Carbide Nuclear Division from 1970 through 1980. He was Information Systems Manager for Martin Marietta Energy Systems Corp. from 1980 through 1984 and Manager of Telecommunications for Martin Marietta Energy Systems Corp. from 1984 through 1988.

**Ann J. Jamison, Controller and Vice President** - Ms. Jamison graduated from Union University in Jackson, TN with a degree in business. She has held teaching positions in the Knox County School System and has served as General Manager and Controller of Tele-SyS, Inc. since its formation in 1982. She has 18 years experience in the area of general telecommunications management.

**J. R. Coker, Operations Vice President** - Mr. Coker is a graduate of Tusculum College with a degree in Business Administration. He has over 35 years experience in telecommunications with AT&T, South Central Bell, Call U.S. and Tele-SyS, Inc. Mr. Coker's primary experience and expertise is in network design and operations. He has completed additional graduate work in the MBA Program at Bristol University.

**Patricia S. Pitts, Manager Customer Service** - Ms. Pitts graduated from the University of Tennessee, Knoxville, with a B. A. degree in Marketing. She has over 20 years experience in telecommunications sales, design, project management and provisioning. Ms Pitts did additional studies at Roane State Community college in computer systems design. She worked in sales support for BellSouth pre-divestiture and with AT&T Communications post divestiture.

Ms. Pitts spent 14 years working for Lockheed Martin Energy Systems as Voice Network Manager and as a Data Network Manager. She led the implementation of software defined voice systems, voice mail, and cellular services at the United States Department of Energy's Oak Ridge installation for Lockheed Martin. She designed and conducted training classes for various telecommunications topics.

Since the Telecommunications Act of 1996, Ms. Pitts has worked in the CLEC industry. This includes positions as Customer Service Manager for Brooks Fiber Communications in Tennessee; Implementation Manager for Tennessee & Kentucky at MCI WorldCom and most recently as Customer Service Manager for Access America Telephone Company. Ms. Pitts has a strong background in provisioning of telecommunications services and delivery of all aspects of customer service.

**Curtis S. Jamison, Vice President Marketing and Sales** - Mr. Jamison graduated from Wake Forest University in North Carolina with a BS degree and from the University of Tennessee, Knoxville with a Ph.D. in microbiology. He has six years experience in the sales and marketing of telecommunications services and in the design of data communications and Internet services.

**Dan Barnett, Manager Johnson City Operations** - Mr. Barnett has 19 years experience in telecommunications provisioning, switch center management, sales, and customer service

## IRREVOCABLE LETTER OF CREDIT

Tennessee Regulatory Authority  
460 James Robertson Parkway  
Nashville, Tennessee 37243-0505

REFERENCE: Name of Company authorized by TRA: Tele-SyS, Inc. d/b/a Access America  
Company ID # as assigned by the TRA: 111593  
Irrevocable Letter of Credit Number: 148  
Effective Date: August 23, 2000  
Expiration Date: August 23, 2001

Sir/Madam:

You have requested of **TnBank** that we establish an irrevocable letter of which will remain available on behalf of **Tele-SyS, Inc. d/b/a Access America** who has applied to the Tennessee Regulatory Authority for authority to provide telecommunications services in the state of Tennessee. The purpose of this letter of credit is to secure payment of any monetary sanction imposed against the Company, its representatives, successors or assigns, in any enforcement proceeding brought under Title 65 of Tennessee Code Annotated or the Consumer Telemarketing Act of 1990, by or on behalf of the TRA.

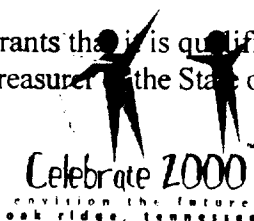

We hereby establish and issue, in favor of the TRA, an irrevocable letter of credit in the amount of **twenty thousand dollars (\$20,000.00)** lawful money of the United States of America. The TRA may draw upon this letter of credit, at any time and from time to time, by delivering a Letter of Credit Notice, substantially in the form set forth below, which Notice shall specify the amount (the "Draw Amount") to be drawn and the bank account (the "Bank Account") to which the Draw Amount should be delivered and shall be signed by an official designated and duly authorized by the TRA, to Lender at the address listed below, or in such other address as the Lender shall notify the TRA in writing by certified mail. Promptly after the delivery of each Notice, the Lender hereby covenants and agrees to deliver, by wire transfer of immediately available funds, the Draw Amount to the Bank Account.

This letter of credit shall be deemed automatically renewed without amendment for successive one-year periods and may be canceled by the Lender by giving thirty (30) days advanced written notice by certified mail of such cancellation to the TRA and the Company, is being understood that the Lender shall not be relieved of liability that may have accrued under this letter of credit prior to the date of cancellation.

The Lender hereby represents and warrants that it is qualified and authorized to issue this letter of credit and is a bank designated by the Treasurer of the State of Tennessee as an authorized depository

**Small and Minority Owned  
Telecommunications Business Participation Plan**

**of**

**Tele-SyS, Inc. d/b/a Access America  
Company ID: 00111593**

**7/3/97**

**I. Purpose of the Plan**

The purpose of this plan is to implement within Tele-SyS, Inc. dba Access America Telephone Co. the requirements and intentions of Tennessee Code Annotated 65-5-212. Tele-SyS, Inc. dba Access America Telephone Co. is itself a small business and consequently, the significance of TCA 65-5-212 is fully understood and appreciated within the company. It is the policy and intention of Tele-SyS, Inc. dba Access America Telephone Co. to comply with TCA 65-5-212 by providing fair opportunities for qualified small and minority businesses to participate in requests for proposal (RFP) and requests for quote (RFQ) when Tele-SyS, Inc. dba Access America Telephone Co. seeks goods and services outside the company.

**II. Definition of Terms**

**Small Business** - any company with gross annual receipts of less than \$4,000,000 and in this case, such companies located and doing business in the State of Tennessee.

**Minority Business** - any company or business which is solely owned or at least 51% of the assets owned or outstanding stock of which is owned, by an individual who personally manages and controls the daily operations of such business, and who is impeded from normal entry into the economic mainstream because of race, religion, sex, or national origin.

**III. Period of Effectiveness**

This plan is effective from the date shown above until and unless revision or replacement is required by the laws of the State of Tennessee or by Federal Law or further revised or replaced by a subsequent plan in compliance with the laws of the State of Tennessee and Federal law. This plan will be reviewed at least annually and any modifications will be identified in the annual report to the Tennessee Regulatory Authority.

**IV. Administration of the Plan**

This plan shall be administered by the President of Tele-SyS, Inc. dba Access America Telephone Co. or his or her delegate. It shall be the duty of the administrator to

- a. develop a coherent plan for procurement;
- b. communicate the plan internally within the organization;
- c. identify qualifying small, minority and woman owned businesses;
- d. identify and implement methods of communicating procurement opportunities to qualified small, minority and woman owned businesses;
- e. measure the effectiveness of the plan;
- f. maintain accurate and sufficient records;
- g. report the results of the plan (e.g. number of contracts and dollar amounts awarded.)

**V. Identification of Qualified Business**

Tele-SyS, Inc. dba Access America Telephone Co. will utilize three sources for identifying small and disadvantaged businesses in Tennessee. These sources are the following:

- Tennessee Minority Supplier Development Council  
P. O. Box 2525  
Knoxville, TN 37901

## **Page 5**

- United States Small Business Administration  
50 Vantage Way, Suite 201  
Nashville, TN 37228
- Tennessee Department of Economic and Community Development  
Office of Minority Business Enterprise and Small Business Office  
Rachel Jackson Bldg., 7th Floor  
320 Sixth Avenue North  
Nashville, TN 37343

Tele-SyS, Inc. dba Access America Telephone Co. is a member of the National Minority Supplier Development Council and the Tennessee Minority Supplier Development Council.

### **VI. Sources Used to Contact Qualified Businesses**

In addition to utilization of the above sources, Tele-SyS, Inc. dba Access America Telephone Co. will also use the following four methods to contact and develop relationships with small, minority and woman owned businesses. These are

- Company sponsored open houses;
- Participation in small and minority business conferences and workshops;
- Membership and active participation in organizations that match-make and promote relations between corporations, small, minority and woman owned businesses.

### **VII. How Bids Are Solicited and How Qualified Businesses Can Contact Tele-SyS, Inc. dba Access America Telephone Co.**

At a minimum, notification of bids will be made available to the three organizations listed below that maintain plans rooms for small and minority owned businesses. Information will be provided to these organizations by fax or mail at least 10 working days before the bid date.

**VIII. Goods and Services To Be Out Sourced**

Goods and services available to be out sourced include any goods or services procured by Tele-SyS, Inc. dba Access America Telephone Co. These typically are normal commodities such as office supplies, small computer equipment and software, occasional installation services such as inside wiring contracts, promotional and advertising specialties (give away items for advertising and promotional purposes) and occasional temporary office and clerical labor.

**IX. Records**

Annually, each vendor of record will be surveyed in conjunction with obtaining Federal Tax Id and Tax Exemption status to obtain the following additional information that applies to the business:

1. ☐ Not a minority business
- ☐ Black American
- ☐ Hispanic American
- ☐ Native American
- ☐ Other

2. ( ) Not a Female Owned Business  
( ) Female Owned

3. ( ) Not a Small Business  
( ) Small Business

Further, records will be maintained which measure

- identification of qualified small, minority and woman owned businesses;
- internal communications;
- external communications;
- solicitation efforts;
- response to solicitations;
- contracts and dollar amounts awarded.

# EXHIBIT J

## **Toll Dialing Parity Plan**

1. Proposed implementation date:

The following plans and procedures are presently in place and operative pending approval.

2. Toll Dialing Parity Exchanges:

All exchanges within the State of Tennessee served by BellSouth and within LATAs 468, 470, 472, 474 and all exchanges within the State of Tennessee served by Sprint in LATA 956.

3. Methodology

Tele-SyS, Inc. dba Access America as a reseller of BellSouth and Sprint services in Tennessee, has implemented a full 2 PIC policy. Customers may choose a Primary Interexchange Carrier for interlata calls and a second Primary Interexchange Carrier for intralata calls. The PIC need not be Tele-SyS, Inc. dba Access America. Customers have already been made aware that they may take these actions. The most recent notification was via bill insert on May 14, 1999. Existing and new Customers may request a list of carriers from whom to select.

If a customer wishes to change either their interlata or intralata PIC, they may notify Tele-SyS, Inc. dba Access America and identify their chosen PIC. If the customer selects Tele-SyS, Inc. dba Access America for either interlata or intralata PIC, a signed PIC authorization is obtained and maintained on file. There may be a service charge associated with the order. Service charges will be no more than those charged by BellSouth or Sprint to their customers.

4. PIC Not Automatically Assigned

It is not necessary for a customer to choose Tele-SyS, Inc. dba Access America as its PIC. Tele-SyS, Inc. requires a signed PIC authorization from the customer before any PIC is made to Tele-SyS, Inc. dba Access America. If upon notification, a customer fails to select a PIC, the existing PIC or NO PIC is left in place. If there is a request for new service and no PIC authorization is given, then the assumption NO PIC is made.

5. PIC Method

Tele-SyS, Inc. dba Access America has implemented a 2-PIC method so that customers may choose one interexchange carrier for interlata toll calls and the same or another for intralata toll calls. See Item 3 above.

6. Customer Notification Procedures

New customers are requested at the time of subscription to service to select either PIC Carrier(s) or choose to have no carrier [NO-PIC]. Tele-SyS, Inc. dba Access America makes no effort to recommend a carrier nor does it attempt to provide a list of all available carriers.

Existing customers are notified through bill inserts and may elect to have no carrier [NO-PIC] or select PIC Carrier(s). The most recent notification was via monthly bill insert on May 14, 1999. No change in PIC is made without a signed authorization from the customer. Thus, if a customer is notified and then fails to respond with a PIC indication, then the existing PIC status is maintained. That is, if the existing PIC is the existing LEC, then no change is made.

7. Cost Recovery Plan

Tele-SyS, Inc. dba Access America is a reseller of BellSouth and Sprint services in Tennessee. The cost recovery amounts levied by these LECs are passed on to the customer. Tele-SyS, Inc. dba Access America is not implementing an additional cost recovery plan.

8. Associated LATA

Tele-SyS, Inc. dba Access America is a reseller of BellSouth and Sprint services in Tennessee. LATAs 468, 470, 472, 474 and 956.

9. PIC Change Charge Waiver

Since Tele-SyS, Inc. dba Access America resells BellSouth and Sprint services, only those waivers provided by those underlying carriers are passed along to customers. Tele-SyS, Inc. dba Access America does not offer additional waiver periods. Any PIC Change charges levied by these LECs are passed through to the customer. No additional charges are levied.

10. Anti Slamming Procedures

Tele-SyS, Inc. dba Access America utilizes the procedures set forth in TRA Ruling 1220 4-2-.56. Further, in the event another carrier slams customers of Tele-SyS, Inc. dba Access America, the same anti-slamming procedures and fines implemented by the underlying carriers, BellSouth and Sprint, apply and will be assessed against the slamming carrier.

11. Nondiscriminatory Access

Operator services, directory assistance and directory listings are supplied by Sprint, BellSouth and by Tele-SyS, Inc. via contract to Illinois Consolidated Telephone Company. Customers and other carriers are provided access on a nondiscriminatory basis.

Tele-SyS, Inc. dba Access America  
IntraLATA Toll Dialing Parity Plan  
138 Fairbanks Road, Oak Ridge, TN 37830 Amended Page 4  
Issued: June 11, 1999 Effective: Upon Approval

12. Compliance With All Tennessee Regulatory Authority  
and FCC Rules.

Tele-SyS, Inc. dba Access America will comply with all  
rules of the TRA and the FCC with regard to this and  
any other matters under the agencies' jurisdictions.

## EXHIBIT K

### Numbering Issues

1. Q. What is your company's expected demand for NXXs per NPA within a year of approval of your application?  
  
A. Since Applicant will be reselling UNEs recombined on existing ILEC facilities and switches, and thus, using existing ILEC NXXs, no new NXXs will be required.
2. Q. How many NXXs do you estimate that you will request from NANPA when you establish your service footprint?  
  
A. None within the next three years.
3. Q. When and in what NPA do you expect to establish your footprint?  
  
A. Applicant currently offers resold services in NPAs 423, 865 and 615. Applicant expects to offer services through simple resale and the resale of UNEs recombined on ILEC facilities in these same NPAs as well as NPA 901 as soon as the application is approved by the TRA.
4. Q. Will Applicant sequentially assign telephone numbers within NXXs?  
  
A. Assignments will be accomplished in keeping with existing ILEC policies since Applicant will be reselling UNEs recombined over ILEC facilities and switches.
5. Q. What measures does Applicant intend to take to conserve Tennessee numbering resources?  
  
A. Applicant intends to resell UNEs recombined by the ILECs over ILEC facilities and switches and thus will not require any additional NXXs.
6. Q. When ordering new NXXs for growth, what percentage fill of an existing NXX does Applicant use to determine when a request for a new NXX will be initiated?  
  
A. Fill policies will be the same as existing ILEC policies since Applicant will be reselling UNEs recombined over ILEC facilities and switches.

# EXHIBIT L

## Tennessee-Specific Operational Issues

1. Q. How does Applicant intend to comply with Tenn. Code Ann. § 65-21-114?  
A. Applicant will recognize and observe the existing countywide calling regions defined by ILECs whose networks Applicant utilizes in recombining UNEs. Applicant's present billing system recognizes those regions and provides the same type calling plans as are provided by the ILECs within whose regions it currently operates.
2. Q. Is Applicant aware of the Tennessee County Wide Calling database maintained by BellSouth and the procedures to enter your telephone numbers on the database?  
A. Yes.
3. Q. Is Applicant aware of the local calling areas provided by the Incumbent Local Exchange Carriers in your proposed service areas?  
A. Yes.
4. Q. Explain the procedures that will be implemented to assure that your customers will not be billed long distance charges for calls within the metro calling areas.  
A. Optional calling plans are in place which give the customer the choice of metro free call areas or of choosing a measured rate type service which, in some cases, can be more cost effective for the customer. In the case of metro free call area, call rating plans are defined within Applicant's billing system so that calls originating in and terminating in the same metro call area will not be charged a toll charge.
5. Q. Please provide the name and telephone number of an employee of your company that will be responsible to work with the TRA on resolving customer complaints.  
A. Patricia S. Pitts  
865-482-2140 or 800-860-2140
6. Q. Does Applicant intend to telemarket its services in Tennessee?  
A. No. However, Applicant is aware of the telemarketing statutes and regulations found in Tenn. Code Ann. § 65-4-401 *et seq.* and Chapter 1220-4-11

# EXHIBIT M

**Pre-Filed Testimony of J. F. Jamison**

**BEFORE THE  
TENNESSEE REGULATORY AUTHORITY**

**In Re:**

Application of Tele-SyS, Inc. d/b/a )  
Access America Telephone Company for a )  
Certificate of Convenience and Necessity )  
as a Competing Telecommunications )  
Service Provider Within the State )  
of Tennessee )

**Docket No.** \_\_\_\_\_

---

**PRE-FILED TESTIMONY OF J. F. JAMISON**

---

I, J. F. Jamison, do hereby testify as follows in support of the application of Tele-SyS, Inc. d/b/a Access America Telephone Company ("Applicant") for a Certificate of convenience and necessity as a competing telecommunications services provider to provide telecommunication services throughout the State of Tennessee.

1 Q. Please state your full name, business address, and position.

2 A. J. F. Jamison, President  
3 138 Fairbanks Plaza  
4 Oak Ridge, TN 37830  
5

6 Q. Please briefly describe your duties.

7 A. I serve as President of the Corporation. In this capacity, I oversee general corporate  
8 direction and strategies.

9 Q. Please describe your business experience and educational background.

10 A. I received a BS degree from Union University in Jackson, TN in 1958 with a major in  
11 mathematics and an MA degree from the University of Tennessee Knoxville in 1964  
12 also majoring in mathematics and computing. I have completed additional graduate  
13 work at UTK in both business and mathematics and computing. I am a graduate of the  
14 UTK Executive Development Program.

15 I began my career in computing specializing in computer aided design work.  
16 From there I migrated into the design and implementation of networked systems in a  
17 manufacturing control setting. Both these periods of work were with Union Carbide  
18 Corporation, a contractor for the Federal Government. This early experience led me  
19 into the design and management of data and voice communications systems.

20 My career has been concentrated in these areas except for a 10-year period  
21 when I was Manager of Finance and Materials for the Oak Ridge Gaseous Diffusion  
22 Plant in Oak Ridge, TN. In that position, I was responsible for management of a  
23 \$200,000,000 annual budget.

1 I currently serve as President of my company and as Chairman of the Board of  
2 TNBank, a Community Bank Chartered in Tennessee.

3 Q. Are all statements in Applicant's application true and correct to the best of your  
4 knowledge, information and belief?

5 A. Yes.

6 Q. Please describe the current corporate structure of Tele-SyS, Inc. d/b/a Access America  
7 Telephone Company.

8 A. Tele-SyS, Inc. is a C corporation chartered in Tennessee in 1982. Applicant is privately  
9 held. Applicant has its main office in Oak Ridge, TN and a branch office in Johnson  
10 City, TN. There are no other offices at this time. Applicant does not own any  
11 subsidiaries nor is it owned in whole or in part by any other entity.

12 Q. Does Tele-SyS, Inc. possess the requisite managerial, financial, and technical abilities to  
13 provide the services for which it has applied for authority?

14 A. Yes.

15 Q. Please describe Tele-SyS, Inc. d/b/a Access America Telephone Company financial  
16 qualifications.

17 A. Tele-SyS, Inc. has demonstrated since 1982 that it is capable of providing high quality  
18 service at savings to its customers and at a profit to itself. The financial statements of  
19 Applicant are enclosed as Exhibit F.

20 Applicant does not anticipate any large capital outlays over the next two years.  
21 Beginning in the third year of our present business plan, Applicant will utilize additional  
22 outside capital to fund the deployment of switches as needed.

1           The management of Applicant has extensive successful experience in financial  
2           management.

3           Applicant has a clearly stated business plan and has followed that plan.

4   Applicant is not attempting to become more than a regional carrier and provider of local  
5   telephone services at this time, believing that this strategy is the only one which will allow it to  
6   provide exceptionally high grades of service at a profit. To date, this belief has been proven to  
7   be correct. We have not sought outside capital to date beyond that supplied by the original  
8   investors electing instead to utilize reinvestment of profits to fund growth. While this  
9   necessarily prevents rapid growth, it has allowed Applicant to maintain control and to  
10   consistently achieve its goal of exceptional service at a profit.

11   Q.     Please describe Tele-SyS, Inc. d/b/a Access America Telephone Company's managerial  
12           and technical qualifications.

13   A.     Exhibit E details the managerial and technical experience and capabilities of the key  
14           personnel of Applicant. This core of key personnel with extensive telecommunications  
15           experience and training and Applicant's experience to date in successfully providing  
16           local telephone services in Tennessee demonstrate Applicant's qualifications to  
17           successfully continue to provide local telephone services in Tennessee.

18   Q.     What services will Tele-SyS, Inc. d/b/a Access America Telephone Company offer?

19   A.     Applicant presently offers a broad variety of local exchange services, primarily to  
20           business customers in Tennessee. Applicant's line of local services is comparable to  
21           that offered by the incumbent LECs. Applicant will offer basic access lines, PBX and  
22           DID services, optional calling features, directory assistance, directory services and

1 operator services as well as all services required under Chapter 1220-4-8-.04 (3) (6)  
2 and (2). This will be accomplished by reselling unbundled network elements that are  
3 recombined by the Incumbent Local Exchange Carriers over their networks and on  
4 their facilities. As stated earlier in the Paragraph, Financial Qualifications, it is not the  
5 intention of Applicant to deploy facilities during Phase I and Phase II of its plan. A  
6 switch or switches will be deployed in Phase III.

7 Q. Will Tele-SyS, Inc. d/b/a Access America Telephone Company offer service to all  
8 customers within its service area?

9 A. Yes.

10 Q. Does Tele-SyS, Inc. d/b/a Access America Telephone Company plan to offer local  
11 exchange telecommunications services in areas served by any incumbent local exchange  
12 telephone company with fewer than 100,000 total access lines?

13 A. No.

14  
15 Q. Will the granting of a certificate of convenience and necessity to Tele-SyS, Inc. d/b/a  
16 Access America Telephone Company serve the public interest?

17 A. Grant of the Application will further the goals of the Tennessee Legislature and further  
18 the public interest by expanding the availability of competitive telecommunications  
19 services in Tennessee. Intrastate offering of these services is in the public interest  
20 because the services will provide Tennessee customers increased cost savings and  
21 superior customer care. Authorizing Tele-SyS, Inc. d/b/a Access America Telephone  
22 Company to provide local exchange services will thus facilitate economic development.

1           The public will benefit directly and indirectly from the additional competitive  
2 services offered by Tele-SyS, Inc. d/b/a Access America Telephone Company. These  
3 offerings will provide incentive to other telecommunications providers to operate more  
4 efficiently, offer more innovative services, reduce prices, and improve the quality of  
5 customer care and services. Grant of this application will further enhance the service  
6 options available to the citizens of the State of Tennessee.

7 Q.   Does Tele-SyS, Inc. d/b/a Access America Telephone Company intend to comply with  
8 all TRA rules, statutes, and orders pertaining to the provision of telecommunications  
9 services in Tennessee, including those for disconnection and reconnection of service?

10 A.   Yes.

11 Q.   Has any state ever denied Tele-SyS, Inc. d/b/a Access America Telephone Company or  
12 one of its affiliates authorization to provide intrastate service?

13 A.   No.

14 Q.   Has Tele-SyS, Inc. d/b/a Access America Telephone Company or one of its affiliates  
15 ever been investigated or sanctioned by any regulatory authority for service or billing  
16 irregularities?

17 A.   No.

18 Q.   Who is knowledgeable about Tele-SyS, Inc. d/b/a Access America Telephone  
19 Company operations and will serve as Applicant's regulatory and customer service  
20 contact?

21 A.   Patricia S. Pitts       865-482-2140 or       800-860-2140  
22       Curtis S. Jamison     865-482-2140 or       800-860-2140  
23

1 Q. Please explain in detail Tele-SyS, Inc. d/b/a Access America Telephone Company's  
2 proposed procedures for responding to information requests from the TRA and its staff

3 A. Applicant has always responded quickly and thoroughly to all TRA requests for  
4 information. We will continue to do so in the future. While there can be no set  
5 procedure since each request is distinct in its requirements, in general, we accept both  
6 verbal and written requests and respond to either with the same urgency. We maintain  
7 thorough internal records of operations and archives of customer records so that we  
8 can respond quickly when called upon to do so. All of the key officers of Applicant are  
9 instructed to respond quickly and thoroughly if called upon to do so.

10 Verbal requests may be made to Curtis S. Jamison, Vice President, 800-860-  
11 2140. Written request may be made to J. F. Jamison or Curtis S. Jamison, 138  
12 Fairbanks Plaza, Oak Ridge, TN 37830

13 Q. Does this conclude your testimony?

14 A. Yes.

William

Local and Long Distance Communications Services

TITLE PAGE

This tariff applies to Local and Long Distance Communications Service (LLDCS) furnished for Intrastate communications in Tennessee.

LLDCS is furnished between two or more stations in the State of Tennessee.

LLDCS is furnished by means of the wire, radio, satellite, fiber optics, or any suitable technology or combination of technologies employed by Tele-SyS, Inc. dba Access America and/or its underlying carrier or carriers.

Local and Long Distance Communications Services

SECTION 1 - APPLICATION OF TARIFF

This tariff contains the regulations and rates applicable to the Tennessee intrastate Local and Long Distance Communications Service (LLDCS) provided by Tele-SyS, Inc. dba Access America as described on the Title Page.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.4.3. Tele-SyS, Inc. dba Access America is not liable for damages caused by service, channels, or equipment which it does not furnish.
- 2.4.4. Tele-SyS, Inc. dba Access America is not liable for damages to a premises resulting from the furnishing of LLDCS, including the installation and removal of equipment and associated wiring, unless the damage is caused by Tele-SyS, Inc. dba Access America's negligence or willful misconduct. Except that upon termination or expiration of LLDCS, and upon request by the Customer, Tele-SyS, Inc. dba Access America will remove, at its own expense, any property which Tele-SyS, Inc. dba Access America has installed in provisioning LLDCS on the Customer's premises within a reasonable time. Tele-SyS, Inc. dba Access America will use reasonable care in removing such property and will return the Customer's premises to their original condition, wear and tear excepted.
- 2.4.5. Subject to the provisions of 2.4.1. through 2.4.4. preceding, Tele-SyS, Inc. dba Access America and the Customer shall indemnify each other against all liability, loss, damage, and expense resulting from injury to or death of any person (including injury to or death of their employees) or loss of or damage to tangible real or tangible personal property (including damage to their property) or the environment, to the extent that such liability, loss, damage or expense was proximately caused by any negligent act or omission on the part of the party from whom indemnity is sought, its agents, employees, subcontractors or assignees, in connection with use of the service. 7f.
- 2.4.6. No license under patents, copyrights, trademarks, or trade secrets (other than the limited license to use) is granted by Tele-SyS, Inc. dba Access America or shall be implied or arise by estoppel, with respect to LLDCS. Tele-SyS, Inc. dba Access America will defend the Customer and User against claims of patent, copyright, trademark, or trade secret infringements arising solely from the use of LLDCS and will indemnify the Customer for any damages awarded based solely on such claims.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.4.7. Tele-SyS, Inc. dba Access America's failure to provide or maintain service and the Customer's obligations under this tariff shall be excused by labor difficulties, governmental orders, civil commotions, preemption of existing services to restore service in compliance with Part 64, Subpart D, of the FCC's and the State of Tennessee's Rules and Regulations, acts of God, and other circumstances beyond Tele-SyS, Inc. dba Access America's or the Customer's reasonable control, subject to the Credit Allowances for Interruptions provisions of this tariff. Tele-SyS, Inc. dba Access America and the Customer may also agree on other measures to mitigate the consequences of circumstances beyond the Customer's or Tele-SyS, Inc. dba Access America's control. If required, such agreements will be filed in this tariff.

2.5. DESCRIPTION OF CHARGES/RATE COMPONENTS

- 2.5.1. Application of Charges - LLDCS includes recurring and nonrecurring charges and stabilized recurring charges may be offered on a Customer-specific basis where service demands or competitive necessity justify such charges. Recurring charges consist of flat-rated monthly and usage-sensitive charges. LLDCS also may include a Minimum Charge. Nonrecurring charges for installation of LLDCS and additions to LLDCS, as well as a Termination Charge and Cancellation Charge, are also included.

A. Non-Recurring Charges - Non-Recurring Charges are billed in advance.

B. Recurring Charges - Recurring Charges are usage-sensitive and are billed in arrears.

---

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

2.5. DESCRIPTION OF CHARGES/RATE COMPONENTS

- 2.5.1. Mileage - Mileage measurement, when applicable to LLDCS Rate Schedules and as specified in an Option Section, is the distance in airline miles between locations. The following mileage measurements apply: the distance between the rate center of the originating station and the rate center of the terminating station. If mileage measurement is not applicable, such calls will be charged as stated or as in the particular Option Section. Calculation of airline miles is as specified in AT&T's Tariff: Tennessee #10. Recurring charges may be distance sensitive or rate period/distance sensitive.
- 2.5.2. Single Rate Period/Distance Sensitive - When calls are rated on a distance sensitive basis, the rate in effect at the calling station at the time the connection is established applies to the entire call. Where specifically specified in this tariff, the rates used shall be those in effect at the station to which the call is billed rather than the calling station.
- 2.5.3. Multiple Rate Period/Distance Sensitive - For calls that are rated on a rate period/distance sensitive basis, when a call is established in one rate period and ends in another rate period, the rate in effect at the calling station for each rate period applies to the portion of the call occurring within that rate period. Where specified in this tariff, the rates used shall be those in effect at the station to which the call is billed rather than the calling station. When a unit of time is split between two rate periods, the rate applicable to that unit of time is based on the rate period in which it began.
- 2.5.4. Minimum Charge - Should a Minimum Charge apply to an LLDCS Option, it shall be as specified in the applicable LLDCS Option section of this tariff.
- 2.5.5. Installation Charge - Should a nonrecurring Installation Charge apply to an LLDCS Option, it shall be as specified in the applicable LLDCS Option section of this tariff.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.5.6. Changes to LLDCS - As specified for each LLDCS Option, Service Components may be added to or deleted from LLDCS. A nonrecurring Installation Charge will apply to additions, and recurring charges will be adjusted, as necessary, to reflect all changes to LLDCS.

2.5 DESCRIPTION OF CHARGES

- 2.5.7. Termination Charge - The Customer will be billed a Termination Charge if LLDCS is discontinued by the Customer under the provisions of the Discontinuance With Liability regulations specified in this tariff.
- 2.5.8. Cancellation Charge - Any Cancellation Charges which may apply to LLDCS shall be specified in this tariff prior to their being billed.
- 2.5.9. Rate Changes - Tele-SyS, Inc. dba Access America expressly reserves the right to initiate tariff revisions seeking to change the applicable rates under which the Customer has obtained LLDCS during any specified Service Period greater than any minimum service period provided under this tariff, unless otherwise agreed upon between Tele-SyS, Inc. dba Access America and the Customer and filed in this tariff.
- 2.5.10. Changes to Terms and Conditions - During any specified Service Period other than any minimum service period specified in this tariff, Tele-SyS, Inc. dba Access America expressly reserves the right to initiate changes in the terms and conditions under which LLDCS is provided, unless otherwise agreed upon between Tele-SyS, Inc. dba Access America and the Customer and filed in this tariff. If Tele-SyS, Inc. dba Access America initiates such tariff revisions without the Customer's agreement, the Customer may discontinue LLDCS without liability. If elected, this provision must be exercised by the Customer in writing within 30 days following the date of Tele-SyS, Inc. dba Access America's tariff filing. Any changes in the terms and conditions under which LLDCS is provided will be filed in this tariff.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

2.6. SPECIAL ACCESS SURCHARGES

2.6.1. Special Access Surcharge - The Customer agrees to pay to Tele-SyS, Inc. dba Access America the amount of any monthly Special Access Surcharge which Local Exchange Companies may collect from Tele-SyS, Inc. dba Access America or which Tele-SyS, Inc. dba Access America's underlying carrier(s) may impose on Tele-SyS, Inc. dba Access America on account of any services or facilities used to provide LLDCS.

A. Tele-SyS, Inc. dba Access America will bill the Customer the appropriate Special Access Surcharge in the amount(s) to be specified in this tariff, unless exempt from the Surcharge as set forth in B. following.

B. Exceptions to the Surcharge Application - An LLDCS Service Component will be exempted from a monthly Special Access Surcharge if the termination:

1. by the nature of its operating characteristics could not make use of the local exchange network; or
2. is interconnected either directly or indirectly to the local exchange network where the usage is subject to Carrier Common Line charges; or
3. is not connected to a PBX or other device capable of interconnecting the LLDCS Service with the local exchange network and the Customer so certifies this to Tele-SyS, Inc. dba Access America.

2.6.2. Exemption Certification - The certification may be provided (1) at the time the LLDCS Service is obtained or (2) at such time as the service is reterminated or changed in such a manner that an exemption applies. If a certification is not received at the time the LLDCS Service is obtained, the Surcharge will be applied.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.6.3.        Crediting the Surcharge - Tele-SyS, Inc. dba Access America will cease billing the Special Access Surcharge when certification that the LLDCS Service termination has become exempt from the Surcharge, as set forth in 2.6.1.B. preceding, is received. If the status of the LLDCS Service was changed prior to receipt of the exemption certification, Tele-SyS, Inc. dba Access America will credit the Customer's account, not to exceed ninety (90) days based on the effective date of the change specified by the Customer.
- 2.7. GENERAL PRACTICES AFFECTING RATES - The following set forth factors affecting rates which apply to all LLDCS unless modified expressly in this tariff.
- 2.7.1.        Payment of Charges - Payment for LLDCS is due upon presentation of the bill. LLDCS may be denied for nonpayment of a bill. The Customer is responsible for safeguarding the service from use by unauthorized persons, and to pay all charges for use of the service by any persons whether or not authorized by the Customer, except in those instances where it has been determined that the Customer's present and former employees, agents and authorized users were not responsible for calls billed to the Customer via third party billing and Tele-SyS, Inc. dba Access America did not verify that the charges for the call would be accepted. The Customer is not responsible for unauthorized use of LLDCS to the extent such use is proximately caused by Tele-SyS, Inc. dba Access America's willful or negligent act.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.7.2. Gross Receipts and Similar Taxes - When utility or telecommunications assessments, franchise fees, or privilege, license, occupational, excise, or other similar taxes or fees, based on intrastate receipts are imposed by certain taxing jurisdictions upon Tele-SyS, Inc. dba Access America, its underlying carrier(s) or upon Local Exchange Companies and passed on to Tele-SyS, Inc. dba Access America through or with intrastate access charges, the amounts of such taxes or fees will be billed to Customers in such a taxing jurisdiction on a prorated basis. The amount of charge that is prorated to each Customer's bill is determined by the intrastate communications services provided to and billed to a Customer's service location in such a taxing jurisdiction with the aggregate of such charges equal to the amount of the tax or fee imposed upon or passed on to Tele-SyS, Inc. dba Access America. The taxing jurisdictions in which the charges will be applicable and the associated tax factors are available upon request.
- 2.7.3. Temporary Surrender of LLDCS - In certain instances, the Customer may be asked to surrender a portion of LLDCS for purposes other than maintenance, testing or activity relating to a service order. If the Customer consents, one day's Credit Allowance for the affected portion will be given for each 24 hour period or fraction thereof that the service is surrendered.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

2.7 GENERAL PRACTICES AFFECTING RATES

- 2.7.4. Credit Allowance - A Credit Allowance will be given when service is interrupted or for LLDCS Service or components not available for Customer use, except as specified in A. following. An interruption period begins when the Customer reports to Tele-SyS, Inc. dba Access America that Service is interrupted and releases it for testing and repair, except that the Customer is not required to report on Service not yet installed for purposes of adjusting any initial nonrecurring charge. An interruption period ends when the Service is repaired and returned to the Customer. A Service is considered to be interrupted when there has been a loss of continuity or Tele-SyS, Inc. dba Access America and the Customer agree that the service is unfit or not yet installed and available for the Customer's use.

A. When Credit Allowance Does Not Apply - Credit Allowances do not apply for:

1. Interruptions caused by the negligence of the Customer or others authorized by the Customer to use LLDCS.
2. Interruptions due to the failure of power, systems or connections not provided by Tele-SyS, Inc. dba Access America.
3. Interruptions during any period when the Customer has released a Service Component for scheduled maintenance or rearrangement purposes, or for the implementation of a Customer order.
4. Interruptions during periods when the Customer elects not to release the Service Component for testing and/or repair.
5. Amounts less than one dollar.
6. Interruptions of Customer Equipment.
7. Interruptions of less than 30 minutes.
8. Non-completion of calls due to network busy conditions.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

2.7.4 Credit Allowance

- B. Calculation of Credit Allowance - The Credit Allowance will be calculated by applying the applicable charges for the service interrupted multiplied by the time period between Tele-SyS, Inc. dba Access America's receipt of Customer notice of the interruption and the time service is restored. After the first 30-minute period, fractions of 30-minute interruption periods are treated as full 30-minute interruptions. The Credit Allowance applied will be the portion of the monthly charge that corresponds to the proportion of interrupted service multiplied by the proportion of the duration of the interruption, in full 30-minute periods, to the total number of 30-minute periods in a month. In addition, any Minimum Charge will be adjusted for Credit Allowances as specified for each LLDCS Option section.

- 2.8. Multi-year Service Period - LLDCS Options may be offered at stabilized rates for Multi-year Service Periods. At the expiration of the applicable multi-year Service Period or upon discontinuance by the Customer, LLDCS will be furnished on a monthly basis. Unless otherwise agreed to by Tele-SyS, Inc. dba Access America and the Customer and filed in this tariff, the monthly rates and regulations under which LLDCS is furnished to the Customer will remain the same as those in effect at the end of the applicable Multi-year Service Period or at the time of discontinuance without liability by the Customer for not less than three months.

- 2.9. Notice of Discontinuance - Tele-SyS, Inc. dba Access America requires notice when LLDCS is to be discontinued. The required notice period and the application of Termination Charges, if any, are as specified in these regulations or for each LLDCS Option in this tariff. The required Notice of Discontinuance for individual Service Components is one month.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

2.10. Discontinuance of LLDCS - Upon discontinuance of LLDCS under A. or B. following, and payment of any Termination Charge if applicable, LLDCS will be furnished on a monthly basis until the Customer requests that all LLDCS be disconnected. The minimum revenue and other specified service requirements specified in an LLDCS Option Section will not apply.

A. Discontinuance Without Termination Liability - The Customer may discontinue LLDCS without termination liability when:

1. tariff revisions become effective which increase the applicable rates for an LLDCS option for which Tele-SyS, Inc. dba Access America has agreed to the contrary, provided that the Customer must exercise its right in writing no later than 90 days after the effective date of the tariff revisions giving rise to the right to discontinue under these provisions, or

2. tariff revisions become effective which otherwise materially impair the Customer's use of LLDCS, provided that the Customer must exercise its right in writing no later than 90 days after the effective date of the tariff revisions giving rise to the right to discontinue under these provisions, or

3. Tele-SyS, Inc. dba Access America does not comply with one or more of the material terms and conditions under which LLDCS is furnished, provided that if elected, 90 days written notice by the Customer is required during which time Tele-SyS, Inc. dba Access America may correct the noncompliance, in which event the Customer may not discontinue under that provision, or

4. installation is delayed due to causes not attributable to the Customer for more than 90 days beyond the date agreed upon between Tele-SyS, Inc. dba Access America and the Customer, or

5. the Customer replaces LLDCS with another Tele-SyS, Inc. dba Access America service or services for an equivalent revenue, term and volume commitment.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

6. An applicable Multi-year Service Period has expired.

B. Discontinuance with Termination Liability - Except for conditions covered in 2.10.A. preceding, or in specific LLDCS Option Sections, discontinuance of LLDCS prior to the expiration of the Multi-year Service Period will result in a Termination Charge. Unless otherwise specified in each Option Section, the Termination Charge will be equal to the applicable Minimum Charge(s), unadjusted for credit allowances, divided by 24 and multiplied by the number of months remaining in the Multi-year Service Period. The Customer must provide at least 90 days written notice of such discontinuance to Tele-SyS, Inc. dba Access America.

C. Discontinuance by Tele-SyS, Inc. dba Access America - Subject to any required FCC authority or review, Tele-SyS, Inc. dba Access America's obligation to furnish a LLDCS Option to a Customer may be discontinued if Tele-SyS, Inc. dba Access America and the Customer agree.

2.11. Responsibilities of the Customer - The Customer's general responsibilities are described in this section. When Customer Equipment or a Customer-Provided Communications System is connected to LLDCS, the Customer assumes responsibility for the connection and proper maintenance thereof.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.11.1. Placement of Orders, Payment of Bills and Compliance with Regulations - The Customer is responsible for placing any necessary orders and complying with tariff regulations for LLDCS and for assuring that its Users comply with tariff regulations. The Customer is also responsible for the payment of all bills for LLDCS.
- 2.11.2. Order Information - When a Customer places an order for LLDCS, the following information must be provided: the Customer contact name, telephone number, and address at each premises where installation will be made, and the Customer's billing name and address.
- 2.11. Responsibilities of the Customer
- 2.11.3. Agency Agreement - The Customer may appoint an agent to act on its behalf, as specified hereinafter.
- A. Tele-SyS, Inc. dba Access America will accept orders from an agent appointed by the Customer. An agency appointment must be sent to Tele-SyS, Inc. dba Access America in writing. If directed by the Customer, the bill for LLDCS will be sent to the agent. The bill will be issued in the name of the Customer, in care of the agent.
- B. The Customer retains responsibility for compliance with-tariff regulations and any act or omission of the agent, regardless of any limitations the Customer may place on the agent's authority.
- 2.11.4. Payments - Customer's payment obligation includes payment for LLDCS calls or services:
- Originated at the Customer's telephone number(s),
  - Accepted at the Customer's telephone number(s) (e.g., Collect Calls),
  - Billed to the Customer's telephone number via Third Party Billing, the use of a calling card or a Tele-SyS, Inc. dba Access America assigned special billing number, and
  - Incurred at the specific request of the Customer.

---

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.11.5. Late Payments - When a bill is not paid in full, the unpaid portion of the bill is subject to a monthly finance charge of 1.5 percent on the average daily balance.
- 2.11.6. EC Billing - When a local exchange company provides the billing function on behalf of Tele-SyS, Inc. dba Access America, the local exchange company's local exchange service payment of charges regulation applies as do its late payment charges.
- 2.11. Responsibilities of the Customer
- 2.11.7. Floor Space, Conduit and Electrical Power at a Customer's Premises - The Customer must provide the proper environment, space, electrical power and telecommunications connections, equipment space, supporting structures, lighting, inside wire, and conduit on its premises required to install, operate, maintain, reprovision, and discontinue LLDCS. The space, structure, conduit, power, etc., must be made available in sufficient time to permit the installation of LLDCS to be completed prior to its Due Date. Selection of ac or dc power will be a matter of mutual agreement between the Customer and Tele-SyS, Inc. dba Access America. Where Tele-SyS, Inc. dba Access America's employees, contractors, or agents terminate LLDCS at the Customer's Premises, Tele-SyS, Inc. dba Access America shall examine the premises to determine whether hazardous substances are present and whether the premises are safe for the installation, maintenance, and operation of the service and shall advise the Customer promptly of any situation it deems to be unsafe. Tele-SyS, Inc. dba Access America's obligations to perform installation or maintenance may be suspended until the premises are safe.
- 2.11.8. Access to Customer's Premises - The Customer is responsible for arranging premises access at any reasonable time so that Tele-SyS, Inc. dba Access America personnel may install, repair, maintain, inspect or remove LLDCS components. Premises access must be made available at a time mutually agreeable to the Customer and Tele-SyS, Inc. dba Access America.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

2.11. Responsibilities of the Customer

2.11.9. Locations Involving High Voltage Power - Where Tele-SyS, Inc. dba Access America determines high voltage power at the Customer's location requires special facilities and protective apparatus, the Customer shall:

A. Install, maintain and pay for any special facilities and protective apparatus required by federal, state or local regulations.

B. Pay for protective apparatus recommended for the location by Tele-SyS, Inc. dba Access America.

2.11.10. Availability for Maintenance, Testing or Modification

The Customer must make LLDCS available for maintenance, testing, or implementation of changes it has ordered, at any reasonable, mutually agreeable time. Occasionally an impairment may only be evident at certain times (e.g., a certain hour of the day). In such cases, LLDCS must be made available for testing during the same time periods if the trouble condition is to be corrected.

2.11.11. Damage to LLDCS - The Customer must pay Tele-SyS, Inc. dba Access America for replacement or repair of any LLDCS component(s) when damage results from:

- the negligence or willful act of the Customer, its agents, employees, subcontractors or its assignees, or

- any use of equipment or systems which do not meet the requirements as specified as required from time to time by Tele-SyS, Inc. dba Access America, when such equipment or systems are provided by the Customer, its agents, suppliers or vendors, or

- the use of LLDCS in a hazardous environment, except to the extent that the hazardous environment is created by Tele-SyS, Inc. dba Access America.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.11.12. Third Party Damage - After receipt of payment for the damages, Tele-SyS, Inc. dba Access America will cooperate with the Customer in its claim against any third party causing the damage.
- 2.12. Connections - When Customer Equipment is connected to LLDCS it must comply with Part 68 of the FCC's and the State of Tennessee's Rules and Regulations, 47 C.F.R. Part 68 (commonly known as the FCC's Registration Program). When any equipment or system which is not subject to Part 68 of the FCC's and the State of Tennessee's Rules and Regulations is connected by Customer, Customer Equipment must meet such minimum protection criteria as may be specified by Tele-SyS, Inc. dba Access America. Such minimum protection criteria may be incorporated in this tariff.
- 2.12.1. Responsibilities of the Customer - When Customer Equipment or a Customer-Provided Communications System is connected to LLDCS, the Customer assumes responsibility for the connection as specified in 1. through 4. below.
- A. Compatibility with LLDCS - The Customer is responsible for the compatibility of its equipment or system with LLDCS. This responsibility applies at the initial installation and on a continuing basis as long as the connection is made.
  - B. Interface Information - The Customer must specify the type of interface which is required to enable its equipment or system to function with LLDCS.
  - C. Interference and Hazard - The operating characteristics of the Customer Equipment or Customer-Provided Communications System connected to LLDCS must not interfere with, or impair, any of the services offered by Tele-SyS, Inc. dba Access America. In addition, they must not endanger the safety of Tele-SyS, Inc. dba Access America employees or the public, damage or interfere with the proper functioning of Tele-SyS, Inc. dba Access America's equipment or services, or otherwise injure the public in its use of these offerings.
  - D. Changes to LLDCS - Tele-SyS, Inc. dba Access America is not obligated to alter or modify LLDCS because of additions or changes to Customer Equipment or a Customer-Provided Communications System.

---

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

2.12.2. Responsibilities of Tele-SyS, Inc. dba Access America

A. General - Tele-SyS, Inc. dba Access America will furnish and maintain its Service Components in a manner suitable for LLDCS. Tele-SyS, Inc. dba Access America will make available information as required by Part 68 of the FCC's and the State of Tennessee's Rules and Regulations (e.g., the number of ringers that may be connected to a particular line).

2.12. Connections -

2.12.2. Responsibilities of Tele-SyS, Inc. dba Access America

B. Changes in Components, Operations, or Procedures - Except as specified in LLDCS Options, Tele-SyS, Inc. dba Access America may make changes in the network used to provide LLDCS and may reprovision the network in any manner, provided the changes allow LLDCS to continue to operate. Any such changes involving Customer Equipment changes which cause a Customer to incur significant costs will not be made by Tele-SyS, Inc. dba Access America without the Customer's prior written consent. Such consent shall not be unreasonably withheld.

C. Connection to a Customer-Provided Communications System or to Service(s) Provided by Others - Any system or service connected to LLDCS must be operated and maintained so it will work satisfactorily with LLDCS. Connections to LLDCS will be made in accordance with the following:

1. Answer Supervision - Answer supervision must be provided when LLDCS is connected to Customer Equipment or a Customer-Provided Communications System which is not subject to Part 68 of the FCC Rules and Regulations, 47 C.F.R. Part 68. In such cases, the equipment or system must provide answer supervision so that the measure of chargeable time begins upon the delivery of the LLDCS call to the switching equipment or to the equipment connected to the communications system and ends upon termination of the call by the calling party.

---

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.13. Violation of Regulations - Tele-SyS, Inc. dba Access America may take immediate action to protect its services or interests when certain regulations contained in this tariff are violated. The specific regulations involved and the action(s) which will be taken by Tele-SyS, Inc. dba Access America are as specified in Sections 2.14. and 2.15. following.
- 2.14. Interference, Impairment or Improper Use - Tele-SyS, Inc. dba Access America may suspend service immediately for up to thirty days, if a Customer fails to comply with the specified obligations of the Customer in the preceding Sections. In such cases, Tele-SyS, Inc. dba Access America will make a reasonable effort to give the Customer prior notice before suspending service. If Tele-SyS, Inc. dba Access America does not suspend the service on the date specified in the notice, and the Customer's non-compliance continues, nothing contained herein shall preclude Tele-SyS, Inc. dba Access America's right to deny or suspend the service without further notice. Billing for the affected LLDCS or LLDCS component will continue during any suspension period. When a violation results in a suspension of service, the suspension will cease when the Customer is in compliance with the regulation and so advises Tele-SyS, Inc. dba Access America.
- 2.15. Nonpayment of Charges - Tele-SyS, Inc. dba Access America may deny and/or restrict LLDCS and refuse to release a toll free inward dial number to another carrier for nonpayment of charges due as specified in Section 2.7.1. (Payment of Charges) preceding. A written notice will be sent to the Customer at least five days in advance of the restriction and/or denial of LLDCS. Upon payment of charges the restriction and/or denial of LLDCS will be removed.
- 2.16. Advance Payment - An advance payment will be required before service is provided when a Customer has a history of late payments to the Company or when a Customer's financial responsibility is not a matter of record. The advance payment will be the nonrecurring charges(s), if any; one month's recurring service charge; and one month's estimated usage charges for LLDCS. A deposit may apply in addition to an advance payment.

---

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

2.17. Deposits - The following deposit provisions are applicable to LLDCS:

- 2.17.1. When Required - When Tele-SyS, Inc. dba Access America provides the billing function for LLDCS, Tele-SyS, Inc. dba Access America will require a Customer with a late payment history to Tele-SyS, Inc. dba Access America or whose financial responsibility is not a matter of record to make a deposit to be held as a guarantee for payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. In lieu of a cash deposit Tele-SyS, Inc. dba Access America will accept, as a deposit, Bank Letters of Credit and Surety Bonds. An advance payment may be required in addition to a deposit.
- 2.17. Deposits -
  - 2.17.2. Amount - The Deposit will not exceed an amount equal to twice the estimated average monthly usage charges and/or the monthly recurring charges.
  - 2.17.3. Interest - Interest will be paid to a Customer for the period that a cash deposit is held by Tele-SyS, Inc. dba Access America at a simple interest rate as determined by Tele-SyS, Inc. dba Access America's principal bank for interest paid on deposits unless a different rate has been established by the appropriate legal authority in the state where the LLDCS offering is located.
  - 2.17.4. Return of Deposit - Any deposit collected will be credited to a Customer's account, when the Customer has established credit, or when the Customer has established a prompt payment record with Tele-SyS, Inc. dba Access America for one year. When the service for which the deposit has been required is discontinued, the deposit is applied to the final bill and any credit balance is refunded to the Customer with applicable interest accrued.
  - 2.17.5. LEC Billing - When a local exchange company provides the billing function on behalf of Tele-SyS, Inc. dba Access America, the local exchange company's deposit regulations will apply, as will its interest on deposit and return of deposit regulations.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.18. Returned Check Fee - An Administrative Charge may apply for any Customer check returned for insufficient funds or other reasons.
- 2.19. Recording of Telephone Conversations - LLDCS is not represented as adapted to the recording of two-way conversations. However, voice recording equipment which is directly, acoustically or inductively connected with LLDCS may be used for the recording of such conversations subject to the following regulations which have been adopted by the FCC:
- 2.19.1. Recording Requirements - The voice recording equipment must be arranged so that it can be connected or disconnected (or switched on or off) at the will of the Customer. In addition, one of the following conditions must apply:
- All parties to the telephone conversation must give their prior consent to the recording of the conversation, and the prior consent must be obtained in writing or be part of, and obtained at the start of, the recording, or
  - All parties to the telephone conversation must be verbally notified at the beginning of the conversation and the notification must be recorded as part of the call, by the recording party, or
  - A distinctive recorder tone, repeated at intervals of approximately fifteen seconds, is required to alert all parties when the recording equipment is in use. This distinctive recording tone can be provided as part of (1) the recording equipment, or (2) registered or grandfathered protective circuitry.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.19.2. Exceptions - The FCC has established the following exceptions to the foregoing requirements:
- (a) Recordings made of incoming calls to telephone numbers publicized for emergencies involving health or safety of life and property (e.g., emergency situations involving fire, health care, police, public utilities and emergency road service) and outgoing calls made in immediate response to such calls.
  - (b) Recordings of calls made for patently unlawful purposes, such as bomb threats, kidnap ransom requests and obscene telephone calls. Outgoing calls made in immediate response to such calls are also excepted.
  - (c) Recordings of calls made by Federal, State or local law enforcement authorities, or federal intelligence authorities, acting under color of law.
- 2.20. Rate Determination - The rate for an LLDCS call which is charged on a per call basis is determined by factors such as:
- The distance between the rate centers of the originating (calling) station and the terminating (called) station;
  - The time of day and the day of week;
  - The duration of the call; and
  - The class of service applicable to the call.

The specific factors which apply to a given LLDCS call and their application are listed in the rate section applicable to that type of call. Additional regulations pertaining to those factors are as follows:

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

- 2.20.1. Distance Measurements - When the distance between the calling and the called stations is a factor in LLDCS rate determination, the distances are calculated according to the following (except for an LLDCS Option, which is covered in Section 7 following):

The distance between stations in Tennessee, is measured on the basis of airline mileage between rate centers of the stations involved as described in AT&T's Tariff: Tennessee #10, which is incorporated by reference herein.

- 2.20.2. Time of Day and Day of Week - The rate charged for a call is determined in part by the day of the week and the time of day at the originating (calling) station. Different rates may be applicable to a call at different times of the day and on certain days of the week as specified in the appropriate rate section for that call.

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

Access Miles - The airline miles between the Local Exchange Company Serving Wire Center serving a Customer location and the Local Exchange Company Serving Wire Center associated with the Tele-SyS, Inc. dba Access America Central Office within the same LATA.

Authorization Code - Numeric codes that will provide Customers with billing alternatives. Authorization Codes may be Tele-SyS, Inc. dba Access America or Customer administered as specified below. When Tele-SyS, Inc. dba Access America assigns Authorization Codes they are Tele-SyS, Inc. dba Access America administered. When the Customer assigns the Authorization Codes they are Customer-administered. Tele-SyS, Inc. dba Access America reserves the right to issue different types of Authorization Codes with particular LLDCS options, for example:

- Type A Authorization Code - A Type A Authorization Code allows calls placed from any location in the United States, Puerto Rico or the U.S. Virgin Islands to be billed to that Authorization Code. A Type A Authorization Code can be Customer or Tele-SyS, Inc. dba Access America administered.
- Type B Authorization Code - A Type B Authorization Code - enables a Customer to place a call from any Mainland location, without the assistance of an operator, by dialing 0+ the called number. A Type B Authorization Code is Tele-SyS, Inc. dba Access America-administered.

Tele-SyS, Inc. dba Access America Central Office - The point(s) on Tele-SyS, Inc. dba Access America's network at which a Customer's traffic accesses or interconnects for purposes of originating or terminating traffic and includes any point of interconnection or central office on Tele-SyS, Inc. dba Access America's underlying carrier's network.

Tele-SyS, Inc. dba Access America's Operating Territory - Tele-SyS, Inc. dba Access America's LLDCS is offered for originating Customer traffic in the state of Tennessee.

Customer - the person or legal entity which orders LLDCS (either directly or through an agent) and is responsible for payment of tariffed charges for services furnished to that Customer.

---

Local and Long Distance Communications Services

SECTION 2 - GENERAL REGULATIONS

Customer Equipment- Terminal equipment, multiline terminating systems or protective circuitry located at a non-Tele-SyS, Inc. dba Access America premises.

Customer Group- Any Customer which is a group of two or more Member Customers. The Customer Group is responsible for providing Tele-SyS, Inc. dba Access America with the identity of its members.

Customer Premises - a location where service is terminated. It includes the premises of a Customer or User.

Customer-Provided Communications System- A non-Tele-SyS, Inc. dba Access America-provided dedicated private line channels and equipment (e.g., a microwave or cable system).

Customer-Specified Location - A location which is designated by the Customer to originate LLDCS calls. To establish LLDCS calling capability at the location, the Customer must obtain or direct Tele-SyS, Inc. dba Access America to obtain Local Exchange Service which the Customer pre-subscribes to Tele-SyS, Inc. dba Access America. The Customer is responsible for paying the Local Exchange Company any charges associated with the Local Exchange Service unless otherwise arranged with Tele-SyS, Inc. dba Access America in advance.

Customer-Specified Telephone Number - A designated telephone number associated with a Customer-Specified Location. This number can be dialed from locations as specified in each LLDCS Option to connect a call to that Customer-Specified Location. Charges for calls using this feature are billed to the called number.

Data Transmission Capability - A LLDCS Service Component which provides the capacity to transmit data at various speeds between Customer- designated locations. Data Transmission capabilities may be made up of access components and/or network components. Access components are provided between a Customer location and a Local Exchange Carrier Central Office. Network components are provided between Tele-SyS, Inc. dba Access America's and its underlying carrier(s) Central Offices.

Due Date- The date that has been established for the completion of the installation, change or disconnect of an LLDCS Service or Service Component.

Hub - A traffic concentration point.

---

Local and Long Distance Communications Services

SECTION 3 - DEFINITIONS

Interoffice Miles - The airline miles between two Tele-SyS, Inc. dba Access America Central Offices.

Mainland - The 48 contiguous states and the District of Columbia.

Member Customer - A Customer that is part of a Customer Group.

Network Interface - The point of demarcation at which Tele-SyS, Inc. dba Access America's responsibility for the provision of LLDCS ends. When LLDCS includes access components, the Network Interface is at the Customer's premises where Tele-SyS, Inc. dba Access America's responsibility for the provision of access ends.

Network Plan - A Customer-specific description of the quantities and Customer locations of all Service Components underlying each LLDCS service option.

Port- A Voice-Equivalent traffic origination or termination point for LLDCS transmission, located at Customer designated locations or Customer- Specified Location(s).

Station - Any location from which a LLDCS call may originate or terminate.

Service Date - The date that billing starts for LLDCS or any LLDCS Service Component.

Service Components - Components of LLDCS furnished under this tariff. Service Components include Access arranged by Tele-SyS, Inc. dba Access America, Authorization Codes, Ports, traffic management services, Voice Transmission Capabilities and Data Transmission Capabilities.

Special Access Surcharge - A charge imposed in accordance with Section 69.115 of the F.C.C. Rules and Regulations, plus the Local Exchange Company's Message Station Equipment Recovery Charge

Responsible Organizaion Services (RespOrg) - Services rendered on behalf of the customer in obtaining, directing and applying features to an 800/888 or other toll free inward dial number.

Local and Long Distance Communications Services

SECTION 3 - DEFINITIONS

Substantially Complete Installation - For customized LLDCS offerings based on a Network Plan, Tele-SyS, Inc. dba Access America and the Customer may agree to establish the proportion of the initial LLDCS network configuration that will constitute Substantially Complete Installation and a date for Substantially Complete Installation. Tele-SyS, Inc. dba Access America will use its best effort to assure that Substantially Complete Installation is completed by that date. Calculations for Substantially Complete Installation will account for deletions but not additions ordered by the Customer to the initial LLDCS design. Access service obtained from Local Exchange Carriers and any dedicated access or other interconnection from or to an underlying carrier's point(s) of interconnection will not be deemed to be under Tele-SyS, Inc. dba Access America's direct control. Tele-SyS, Inc. dba Access America will use its best efforts to obtain such access services in a timely manner.

United States - The 50 United States and the District of Columbia.

Voice-Equivalent - The transmission capacity of a 4 kHz bandwidth analog service, or a digital equivalent. The digital equivalent is 64 kbps, of which at least 56 kbps is available for Customer use.

Voice Transmission Capability - A LLDCS Service Component which is designed to transmit voice between Customer-designated locations. A Port is not required. Voice Transmission Capabilities may be made up of access components and/or network components. Access components are provided between a Customer location and a Tele-SyS, Inc. dba Access America Central Office. Network components are provided between Tele-SyS, Inc. dba Access America Central Offices.

---

Local and Long Distance Communications Services

SECTION 4 - GENERAL SERVICE OFFERINGS

For purposes of rate application, one of five general service offerings may apply to an LLDCS call as specified in Section 5. These classes of service are 1+ PIC Station, Customer Dialed Calling Card, Operator Assist, Person-to-Person, and Public Phone Service. Each class of service and its specific regulations are set forth in this Section 4.

- 4.1. 1+ PIC Station - 1+ PIC Station rates apply when the person originating the call dials the telephone number desired and completes the call without the assistance of a Tele-SyS, Inc. dba Access America operator, and the call is billed to the calling station. 1+ PIC Station does not include calls from public or semi-public coin telephones. 1+ PIC Station rates also apply when:
  - 4.1.1. The Customer has dialed the call and a Tele-SyS, Inc. dba Access America operator is used only to record the calling station number where automatic number recording equipment is not available;
  - 4.1.2. A Tele-SyS, Inc. dba Access America operator reaches the called station because the calling party could not complete the call due to trouble on the telecommunications network;
  - 4.1.3. A Tele-SyS, Inc. dba Access America operator places a call for a calling party who identifies himself/herself as being handicapped and unable to dial the call because of his/her handicap;
  - 4.1.4. A Tele-SyS, Inc. dba Access America operator re-establishes a Dial Station call that has been involuntarily interrupted after the called station has been reached; or
  - 4.1.5. A Tele-SyS, Inc. dba Access America operator places a call because service components are not available for dial completion.
- 4.2. Customer Dialed Calling Card - Customer Dialed Calling Card rates apply when calls are originated and billed as specified below.

Local and Long Distance Communications Services

SECTION 4 - GENERAL SERVICE OFFERINGS

- 4.2.1. Customer Dialed/Automated - The Customer dials the appropriate operator code plus the telephone number desired and completes the call without the assistance of a Tele-SyS, Inc. dba Access America operator and the call is billed to a Calling Card, or
- 4.2.2. Customer Dialed and Operator Assisted - The Customer dials the appropriate operator code plus the telephone number desired and Tele-SyS, Inc. dba Access America operator assistance is limited to recording the Calling Card number for billing purposes, or
- 4.2.3. Customer Dialed with Operator Required - The Customer dials the appropriate operator code plus the desired telephone number and the local exchange Operator Services equipment capability precludes the Customer from completing the call without the assistance of a Tele-SyS, Inc. dba Access America operator and the call is billed to the Customer's Calling Card.
- 4.3. Operator Assist - Operator Assist rates apply when calls are completed with the assistance of a Tele-SyS, Inc. dba Access America operator, except as specified for the 1+ PIC Station, Customer Dialed Calling Card, Person-to-Person and Public Phone Service classes of service. Operator Assist rates apply to:
  - 4.3.1. Calls which are billed to a different telephone number (e.g., collect, bill to a third number) or a calling card.
- 4.4. Person-to-Person - Person-to-Person rates apply when the person originating the call specifies the particular party to be reached by the Tele-SyS, Inc. dba Access America operator, except Person-to-Person calls rated as Public Phone Service calls. The specified party may be a person, or a station, department, extension or office through a PBX attendant.

After the called station has been reached, if the called party is unavailable and the calling party requests to speak to a party other than the party initially specified, the call is still billed as a Person-to-Person call. The calling party is responsible for identifying the party at the called station.
- 4.5. Public Phone Service - Public Phone Service rates apply to calls originated and paid for at public or semi-public telephones.
- 4.6. RespOrg Service - The services related to obtaining, assigning features to and directing toll free inward dial numbers.

---

Local and Long Distance Communications Services

SECTION 5 - GENERAL SERVICE OFFERINGS RATES

- 5.1. Rate Determination - The chargeable time for a call is determined by the duration of the call. Chargeable time includes the initial period plus the additional time involved, if any, and is determined as follows:
- 5.1.1. All Calls But Person-to-Person - On all calls, other than Person-to-Person, chargeable time begins when connection is established between the calling station and the called station, PBX or a mobile radio system for Public Land Mobile Service, Coastal Harbor Service, VHF Service, or Air-Ground Service.
- 5.1.2. Person-to-Person - On Person-to-Person calls, chargeable time begins when connection is established between the calling person and a specified person, station, department, office, or an agreed-upon alternate.
- 5.1.3. Disconnect Time - Chargeable time ends when the calling station "hangs up." If the called station "hangs up" but the calling station does not, chargeable time ends when the connection is released either by automatic timing equipment in the telecommunications network or by the Tele-SyS, Inc. dba Access America operator.
- 5.1.4. Customer-Systems - When LLDCS is directly connected to a Customer-provided communications system at a Customer's or User's premises, chargeable time for all classes of service begins when an LLDCS call terminates in, or passes through, the first Customer Equipment on that Customer-provided communications system. It is the Customer's responsibility to furnish appropriate answer supervision to the point of interface with the LLDCS so that chargeable time may begin.
- 5.2 Determining Applicable Rates -
- 5.2.1. Mainland - For calls originated and terminated in the Mainland, the rate in effect at the calling station at the time the connection is established applies to the entire call.

Local and Long Distance Communications Services

SECTION 5 - GENERAL SERVICE OFFERINGS RATES

- 5.2.2. All Other Calls - For all other calls, except for calls that use a special access line, when a call is established in one rate period and ends in another rate period, the rate in effect at the calling station for each rate period applies to the portion of the call occurring within that rate period. When a calling station uses a special access line, the rate in effect at Tele-SyS, Inc. dba Access America's Central Office for each rate period applies to the portion of the call occurring within that rate period. When a unit of time is split between two rate periods, the rate applicable to that unit of time is based on the rate period in which it began.
- 5.2.3. Time Continuum - Chargeable time for a rate period (e.g., 8 AM - 5 PM) begins with the first stated hour (e.g., 8 AM) and continues to, but does not include, the second stated hour (e.g., 5 PM).
- 5.3. Specific Rating Regulations - This section contains regulations governing application of the LLDCS: in the Mainland; between the Mainland and Alaska, Hawaii, Puerto Rico, the U.S. Virgin Islands. Rates, regulations and material in this section are for two-point service only, and apply to 1+ PIC station, Calling Card and operator-assisted services.
- 5.3.1. Application of Charges - The specific factors used to determine the applicable charges for a call are indicated on the respective rate schedules. The following factors are common to all LLDCS rate schedules in this section.
- A. Initial Period - Initial Period is the initial rate increment of an LLDCS call. The specific length of the initial period is one minute unless otherwise indicated on the applicable rate schedule.
  - B. Additional Minute - Additional Minute is the rate element used to bill for the chargeable time when an LLDCS call continues beyond the initial period. Additional Minute begins when the initial period ends (e.g., with the second minute of a call for which the initial period is one minute). Additional Minute rates apply to each additional minute, or any fraction thereof, that chargeable time continues beyond the initial period.

Local and Long Distance Communications Services

SECTION 5 - GENERAL SERVICE OFFERINGS RATES

5.3.2. Service Charges and Surcharges - A Service Charge is applicable to Customer Dialed Calling Card, Operator Assist, Person-to-Person and Public Phone Service calls. This charge is in addition to the initial minute and additional minute charges applicable to a call. If a call is subject to more than one service charge, only the highest service charge applies.

A. Operator Assist and Person-to-Person Surcharges - A Surcharge applies to Operator Assist and Person-to-Person calls in which the Customer has the capability to dial the number, but has the operator dial instead.

B. List of Applications -

TYPE OF CALL	OPERATOR SERVICE CHARGE	OPERATOR DIALED SURCHARGE
Dial Station (customer dialed 1+)	No	No
Customer Dialed Calling Card (0+)	Yes	No
Operator Assist (customer dialed 0+) collect, billed to third number	Yes	No
Operator Assist (operator dialed 0-) collect, billed to third number, sent paid	Yes	Yes
Operator Assist (operator dialed 0-) billed to a calling card	Yes	No
Person-to-Person (customer dialed 0+) collect, billed to third number, calling card, sent paid	Yes	No
Person-to-Person (operator dialed 0-) collect, billed to third number, sent paid	Yes	Yes
Person-to-Person (operator dialed 0-) billed to a calling card	Yes	No
Public Phone Service (customer dialed 0+)	Yes	No

Local and Long Distance Communications Services

SECTION 5 - GENERAL SERVICE OFFERINGS RATES

B. List of Applications (continued) -

TYPE OF CALL	OPERATOR SERVICE CHARGE	OPERATOR DIALED SURCHARGE
Public Phone Service (operator dialed 0-)	Yes	Yes
Directory Assistance* (customer dialed 1+ or 0+ or operator dialed 0-)	No	No

\* Directory Assistance Charge applies

5.3.3. Rate Periods - The following rate periods apply to all LLDCS calls unless otherwise expressly provided for in this tariff.

A. Day Rate Period - 8 AM to, but not including, 5 PM Monday through Friday.

B. Evening Rate Period - 5 PM to, but not including 11 PM Monday through Friday and 5 PM to, but not including 11 PM Sunday.

C. Night/Weekend Rate Period - 12 Midnight to, but not including 8 AM and 11 PM to Midnight Monday through Friday; All Day Saturday; and 12 Midnight to, but not including 5 PM and 11 PM to Midnight Sunday.

D. Holiday Rate Period - For the following holidays the Evening Rate Period rates are used, unless a lower rate would normally apply:

New Year's Day   Labor Day  
Independence Day   Thanksgiving Day  
Christmas Day

---

Local and Long Distance Communications Services

SECTION 5 - GENERAL SERVICE OFFERINGS RATES

- 5.3.4. Rate Application - For the initial minute, the rate applicable at the start of chargeable time at the calling station applies. For additional minutes, the rate applicable is that rate which is in effect at the calling station when the additional minute(s) begin. That is, if chargeable time begins during the Evening Rate Period, the Evening rate applies to the initial minute and to any additional minutes that the call continues during that rate period. If the call continues into a different rate period, the appropriate rates from that rate period apply to any additional minutes occurring in that rate period. If an additional minute is split between two rate periods, the rate period applicable at the start of the minute applies to that entire minute. If the computed charges include a fraction of a cent, the fraction is rounded up to the next whole cent (e.g., \$1.426 would be rounded up to \$1.43).
- 5.3.5. LLDCS Options and Contract Services - In lieu of the rates in 5.4., 5.5, 5.6., 5.7., 5.8., and 5.9. following, Tele-SyS, Inc. dba Access America, pursuant to Section 6 of this tariff, may provide to all qualified Customers similarly situated, certain promotional offerings from time to time and pursuant to Section 7 of this tariff, LLDCS Option Services and/or Contract Services, subject to the extent of network availability, technical capacity and economic factors. Certain restrictions on the number of Options or Contract Services per main billed telephone number may apply, such as a limit on the number of such options or contracts or the combining of such options or contracts.

SECTION 6 - PROMOTIONAL OFFERINGS AND RATES

Various promotional offerings and rates may be offered from time to time and for limited times always at rates at or below those described and filed in this tariff.

Local and Long Distance Communications Services

SECTION 7 - LLDCS OPTIONS AND CONTRACT SERVICES

7.1. Term Commitment Contract Options

The following term contract options are offered and may be elected by the customer:

FLAT RATE TERM - Any customer electing to commit to a twelve (12) month term contract may elect to be billed for 1+ PIC calls at a flat rate of sixteen cents per minute (\$ .16).

TWELVE, TWENTY FOUR OR THIRTY SIX MONTH TERM WITH PREFERRED CUSTOMER STATUS - Any customer may commit to a twelve (12), twenty four (24) or thirty six (36) month term contract and elect Preferred Customer Status as defined in Paragraph 7.2 following and be billed as follows:

	12 Month	24 Month	36 Month
	(cents per minute)		
PIC 1+ calls	13	13	11.5
Inward Calling	15	14	13.5

7.2. Preferred Customer Option

ACCESS AMERICA PREFERRED CUSTOMER SERVICE - Any customer may elect to be placed in preferred customer status by committing to render payment for each monthly invoice no later than the due date on the invoice. This is normally within ten (10) days from the date the invoice is mailed to the customer. Failure to render payment in any month by the invoice due date results in automatic reversion without notice to 1+ PIC rates as stated in Section 5., Paragraph 5.4.

OPTION 1 - Customers electing PREFERRED CUSTOMER STATUS may elect to be billed for 1+ PIC calls at the rates stated in Section 5., Paragraph 5.4. less thirty five per cent (35%).

or

OPTION 2 - Customers electing PREFERRED CUSTOMER STATUS may elect to be billed for 1+ PIC calls at a flat rate of fourteen cents per minute (\$ .14).

Local and Long Distance Communications Services

SECTION 7 - LLDCS OPTIONS AND CONTRACT SERVICES

7.3 Simply Savings Residential Calling Option

Residential 1+ PIC customers may elect the Simply Savings option in lieu of the 1+ PIC rates stated in Section 5, Paragraph 5.4 above by electing PREFERRED CUSTOMER STATUS as described in Paragraph 7.2 above. The rates for the Simply Savings Residential Calling Option are as follows:

<u>Calling Period</u>	<u>Rate Per Minute</u>
6:00 a.m. until 7:59 p.m.	.1500
8:00 p.m. until 5:59 a.m.	.1200
